

Year 6's

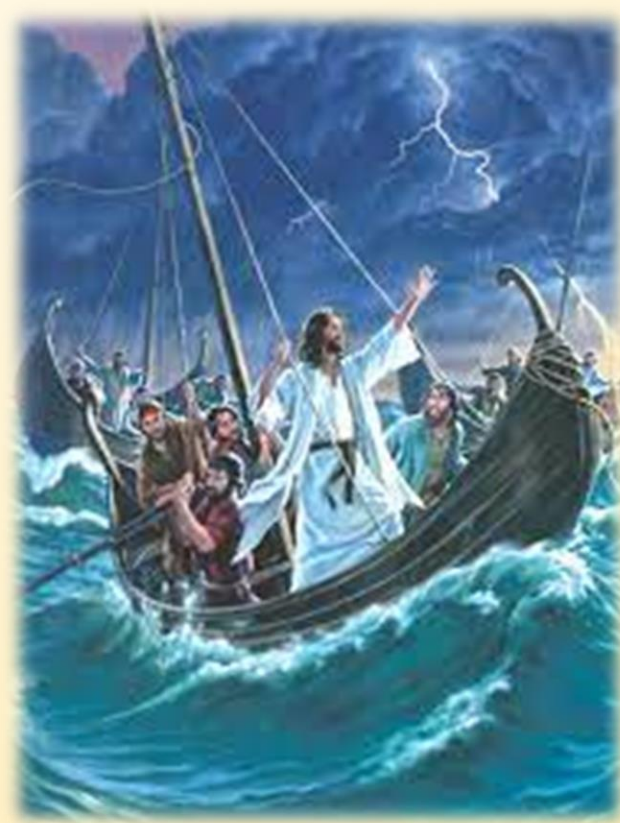

Journey of Faith

Prayer and Liturgy

CALMING OF THE STORM

During collective worship, we have been learning about the calming of the storm and how we can show complete faith and trust in God and Jesus just like the disciples did during the storm.

Learning and Growing as the People of God - Units:

- Followers of Christ
- Story of the people of God

The children created adverts to try to get people to become Jesus' disciples.

We learnt about how we can become Followers of Christ and what attributes we need for this.

Catholic Virtues

In Year 6, we are grateful when we...

- notice what our teachers do to support us in our work
- appreciate our families and understand how they support and love us
- use our manners to be kind to others
- appreciate our education and our right to learn

Our class wish luminary goes to...

Emmanuella for working hard in all that she does!

Our class wish is to become role models and ambassadors to the school and Emmanuella does this always with her hard-working attitude, enthusiastic personality and helpful persona. Well done on your achievements this half term Emmanuella, keep up the good work!

grateful

In Year 6, we are generous when we...

- support and help others when they are sad or hurt
- raise money for charities especially on our Charity Days
- donate food and clothing for the homeless and food banks
- act passionately towards change for the world
- help teachers in the classroom and are generous with our time to help others

Our catholic virtues luminary is...

Sophia because she has an abundance of generosity to share with those around her.

Sophia is always willing to be generous to everyone especially with her time and kindness. She always thinks of others but also appreciates everything that others do for her, and her wonderful manners show how grateful she is! Well done, Sophia, keep up the good work!

Catholic Life of Our Lady & St Rose

This half term, we explored God's creation out in Forest School by exploring the different habitats for the creatures, building dens using the natural materials, making fires and using the tools in Forest School to develop our skills.

We also looked at the role of stewardship and how this links to caring for Our Common Home

The children created a wonderful song that expressed their appreciation of Forest School and linked to our Catholic Virtues of being grateful...

Catholic Life of Our Lady & St Rose

Sharing our stories
with Year 2

We spread the joy of reading with the rest of the school this half term with our reading buddies.

God has blessed us with the joy of learning more and we can do this best through reading, so we paired up with Year 2 and shared our love of reading!
